RECOMMENDED AMENDMENTS TO THE CITY MANAGER'S FY 2024 BUDGET**

Department		Revenues Adjustment	Expenses Adjustment
<b>GENERAL FUND (102)</b>			
<i>City Manager's Office</i>	<b>Salaries and Benefits</b> This action aligns budget levels with actual expenditures. First, to increase the Salaries and Benefits allocation due to unbudgeted hourly positions that are specifically focused on economic development initiatives on California Ave. and University Avenue and sustainability and climate action communications. Second, to align budget with costs reflected in CMR that are shared with another department, causing vacancy savings in other departments (i.e. Administrative Services) that offset these additional costs.	\$ -	\$ 337,000
<i>Non-Departmental</i>	<b>Transient Occupancy Tax Revenue/Transfer to Capital Improvement Fund</b> This action increases the transfer to the Capital Improvement Fund as it relates to Transient Occupancy Tax (TOT) revenues earmarked for city-wide infrastructure improvements due to higher than anticipated TOT collections in FY 2024.	\$ 1,570,000	\$ 1,570,000
<i>Planning &amp; Development Services</i>	<b>Transfer from Housing Funds/525 East Charleston Road/Mitchell Park Place</b> This action reverses a previously approved transfer outlined in Staff Report #2310-2167 from the Housing In-Lieu/Residential Fund (\$1.5M) and the Local Housing Trust Fund Grant Fund (\$1.5M) to the General Fund. Undoing this transfer will redirect the distribution of \$3.0M for the Eden Housing 525 E. Charleston Rd. project through the Housing In-Lieu/Residential Fund and the Local Housing Trust Fund Grant Fund instead of the General Fund to align with best practices for disbursing state housing grant funds.	\$ (3,000,000)	\$ (3,000,000)
<i>Police</i>	<b>Salaries and Benefits</b> This action increases the allocation for Salaries and Benefits in the Police Department by \$0.8 million, and includes \$0.4 million to cover the reduction of funding for the PERT Program described below. A portion of the increased allocation (\$0.3 million) is due to reimbursable grant-related overtime that was actualized in the General Fund and not charged to the Supplemental Law Enforcement Services Fund. The remaining \$0.1 million is due to the Department experiencing higher than anticipated salary and benefit expenses, specifically in overtime costs. This is primarily due to an above average amount of employee leave for illness and training and the need to maintain minimum staffing levels in dispatch and patrol operations which requires the use of overtime for backfill.	\$ -	\$ 805,000
<i>Police</i>	<b>Transfer from Stanford University Medical Center (SUMC) Fund/Psychiatric Emergency Response Team (PERT) Program</b> This action reduces the transfer of funds related to the Council-authorized contract with the Santa Clara County Behavioral Health (Staff Report 2305-1410) and recognized in the FY 2024 Adopted Budget for a mental health clinician to support the PERT Program. The funds were unspent due to the inability to source and supply a clinician, so the funds will be returned to the SUMC Fund and recommended to be used in the future to support the PERT Program when the County can provide a clinician.	\$ (366,000)	\$ (366,000)
<i>Public Works</i>	<b>Departmental Expense Savings</b> This action reallocates departmental savings of \$1.1 million within the General Fund in order to offset departments with higher than anticipated expenses in FY 2024. The Public Works Department realized a net savings, primarily in Salary and Benefits due to vacancies and in Contract Services due to delays in several contracts. Key vacancies include a Project Manager, a Manager of Maintenance Operations, an Electrician, and several tree maintenance positions. Contracts delays include the Security Guard contract for the MSC, S/CAP consultant services; fire alarm, sprinkler, and extinguisher contracts; and several Urban Forestry contracts.	\$ -	\$ (1,142,000)
<i>Fund Balance</i>	<b>Adjustment to Fund Balance</b> This action adjusts the fund balance to offset adjustments recommended in this report.	\$ -	\$ -
<b>GENERAL FUND (102) SUBTOTAL</b>		<b>\$ (1,796,000)</b>	<b>\$ (1,796,000)</b>
