

## Palo Alto Boards, Committees, and Commissions Demographic Data Survey 2024 Conducted Spring 2024

**Response Rate:** A total of 37 participants responded to the survey. This is an increase from the 2021 survey where 34 respondents participated in the survey. The total number of possible respondents in 2024 was 52 (it was a total of 50 possible respondents in 2021). This equates to a 71% response rate in 2024, up from the 68% response rate in 2021.

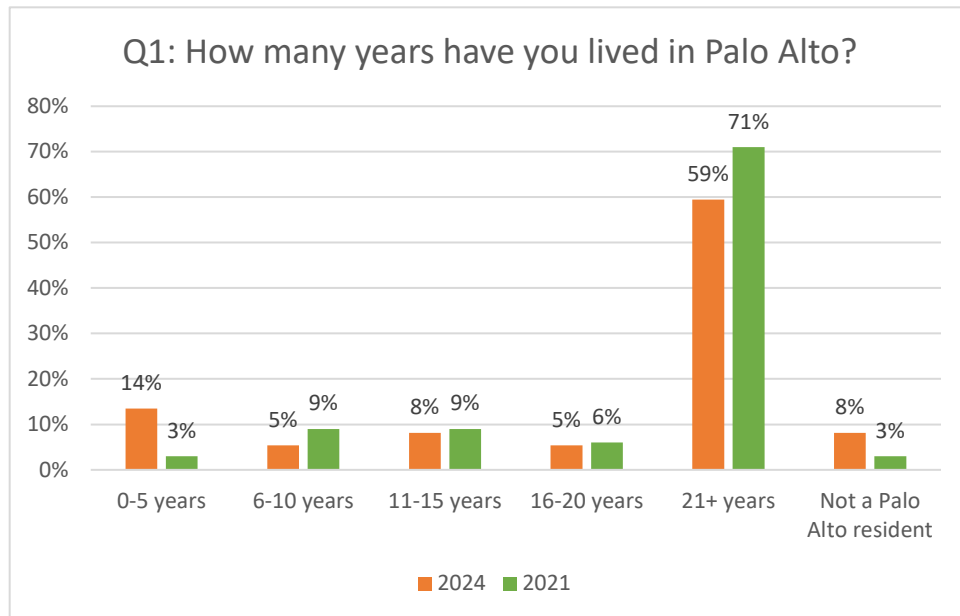

**Brief Methodology:** The survey was created as a form through the City's Open Cities web platform. The survey link was shared via email with all members of every Palo Alto Board, Committee, and Commission (BCCs). Staff sent a few reminders throughout the data collection period of February 23-March 20. The results reflect aggregate voluntary information received from BCC members.

**Summary of Data Format:** Most questions show the table and chart results as percentages. 2021 Data and Palo Alto context are also shared as relevant.

### Survey Results:

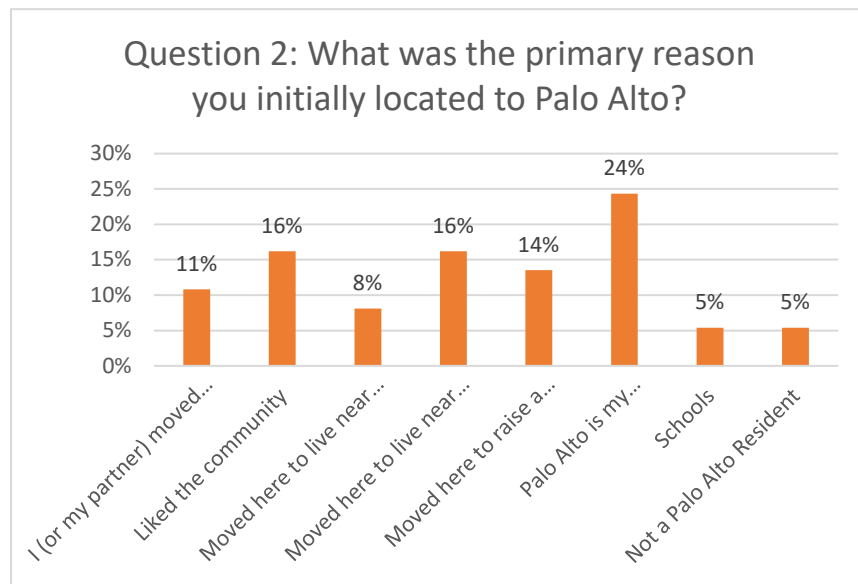

#### Question 1: How many years have you lived in Palo Alto?

**Question 15:** Do you have any additional comments? [Open-ended responses are provided below]

It'd be interesting to collect neighborhood information (to make sure neighborhoods are well-represented) and whether people live in multi-family housing.
Jewish
I would love to see more board business conducted after core business hours. I think the city may be missing out on candidates for boards that meet during the day who do not have flexibility during business hours.
Will the Commissions learn the results of this survey?
