R E C I T A L S

A. Each year the City of Palo Alto (“City”) regularly assesses the financial position of its utilities with the goal of ensuring adequate revenue to fund operations. This includes making long-term projections of market conditions, the physical condition of the system, and other factors that could affect utility costs, and setting rates adequate to recover these costs. It does this with the goal of providing safe, reliable, and sustainable utility services at competitive rates. The City adopts Financial Plans to summarize these projections.

B. The City uses reserves to protect against contingencies and to manage other aspects of its operations, and regularly assesses the adequacy of these reserves and the management practices governing their operation. The status of utility reserves and their management practices are included in Reserves Management Practices attached to and made part of the Financial Plans.

C. Pursuant to Chapter 12.20.010 of the Palo Alto Municipal Code, the Council of the City of Palo Alto may by resolution adopt rules and regulations governing utility services, fees and charges.

D. On June 17, 2024, the City Council heard and approved the proposed rate increase at a noticed public hearing.

The Council of the City of Palo Alto does hereby RESOLVE as follows:

SECTION 1. The Council hereby approves the FY 2025 Electric Utility Financial Plan (Exhibit 2), including the amended Electric Utility Reserves Management Practices in Appendix B of the Financial Plan and accepts the 2024 City of Palo Alto Electric Cost of Service and Rate Study (Exhibits 1.1 and 1.2).

SECTION 2. The Council hereby approves the following transfers to be made by the end of FY 2024, as described in the FY 2025 Electric Utility Financial Plan (Exhibit 2):

- a. A transfer of up to \$20 million from the Electric Special Projects Reserve to the Supply Operations Reserve; and
- b. A transfer of up to \$17 million from the Supply Operations Reserve to the Hydroelectric Stabilization Reserve; and
- c. A transfer of up to \$58 million from the Supply Operations Reserve to the Distribution Operations Reserve

SECTION 3. The Council hereby approves the following transfers to be made by the end of FY 2025, as described in the FY 2025 Electric Utility Financial Plan (Exhibit 2):

SECTION 17. The Council finds that approving the Financial Plan and Reserve transfers does not meet the California Environmental Quality Act's (CEQA) definition of a project under Public Resources Code Section 21065 and CEQA Guidelines Section 15378(b)(5), because it is an administrative governmental activity which will not cause a direct or indirect physical change in the environment, and therefore, no environmental assessment is required. The Council finds that changing electric rates to meet operating expenses, purchase supplies and materials, meet financial reserve needs and obtain funds for capital improvements necessary to maintain service is not subject to the California Environmental Quality Act (CEQA), pursuant to California Public Resources Code Sec. 21080(b)(8) and CEQA Guidelines Sec. 15273(a). After reviewing the staff report and all attachments presented to Council, the Council incorporates these documents herein and finds that sufficient evidence has been presented setting forth with specificity the basis for this claim of CEQA exemption.
