CALL US IN A WATER HEATER EMERGENCY

- Even in an emergency, you can join nearly 500 of your neighbors by switching to a heat pump water heater.
- Last week, the City expanded its heat pump water heater program so residents can call the same program phone number **(650) 713-3411** to switch for both emergencies and non-emergencies.
- One call does it all during a water heater emergency. From assessment to install and rebate, our water heater emergency crew will handle it all.
