Containing an area of 13,960 square feet, more or less.

SECTION 2. The area being discontinued for park purposes in Section 1 of this Ordinance is based on the legal survey attached as Exhibit 1.

SECTION 3. The area being undedicated as parkland by this Ordinance may only be used to construct a road linking the adjacent Palo Alto Transit Center with El Camino Real and related improvements, such as but not limited to: bus stops, utility infrastructure, landscaping, sidewalks, bicycle paths, safety infrastructure, parking spaces, lighting, signage and wayfinding, parking restrictions, and any improvement otherwise permitted in dedicated parkland (including those permitted after adoption of an ordinance).

SECTION 4. The City Council finds this proposed transit connector project exempt from the California Environmental Quality Act (CEQA). The proposed project comes within the statutory exemption for "facility extensions not to exceed four miles in length which are required for the transfer of passengers from or to exclusive public mass transit guideway or busway public transit services." Pub. Res. Code § 21080(b)(12). Due to its fixed location, Caltrain qualifies as an "exclusive public mass transit guideway" service. The proposed project would extend the existing transit center facility by approximately 210 feet, through the intersection of Quarry Road and El Camino Real, to facilitate the transfer of passengers to Caltrain, among other public transit services.

SECTION 5. Effective Date. This ordinance shall be effective only if approved by a majority of the voters and shall go into effect immediately after the vote is declared and this ordinance is adopted by the City Council.
