R E C I T A L S

A. Each year the City of Palo Alto ("City") assesses the financial position of its utilities with the goal of ensuring adequate revenue to fund operations. This includes making long-term projections of market conditions, the physical condition of the system, and other factors that could affect utility costs, and setting rates adequate to recover these costs. The City does this with the goal of providing safe, reliable, and sustainable utility services at competitive rates. The City adopts Financial Plans to summarize these projections.

B. The City uses reserves to protect against contingencies and to manage other aspects of its operations, and regularly assesses the adequacy of these reserves and the management practices governing their operation. The status of utility reserves and their management practices are included in Reserves Management Practices attached to and made part of the Financial Plans.

C. Pursuant to Chapter 12.20.010 of the Palo Alto Municipal Code, the Council of the City of Palo Alto may by resolution adopt rules and regulations governing utility services, fees and charges.

D. On June 17, 2024, the City Council held a full and fair public hearing regarding the proposed rate increase and considered all protests against the proposals.

E. As required by Article XIII D, Section 6 of the California Constitution and applicable law, notice of the June 17, 2024 public hearing was mailed to all City of Palo Alto Utilities water customers by April 29, 2024.

F. The City Clerk has tabulated the total number of written protests presented by the close of the public hearing, and determined that it was less than fifty percent (50%) of the total number of customers and property owners subject to the proposed water rate amendments, therefore a majority protest does not exist against the proposal.

The Council of the City of Palo Alto does hereby RESOLVE as follows:

SECTION 1. The Council hereby approves the FY 2025 Water Utility Financial Plan (Exhibit 1).

SECTION 2. The Council hereby approves a transfer from the Capital Improvement Program Reserve to the Operations Reserve of up to \$3,461,000 in FY 2024 as described in the FY 2025 Water Utility Financial Plan (Exhibit 1).

SECTION 11. The Council finds that the adoption of this resolution approving the FY 2025 Water Financial Plan and Reserve transfers does not meet the California Environmental Quality Act's (CEQA) definition of a project under Public Resources Code Section 21065 and CEQA Guidelines Section 15378(b)(5), because it is an administrative governmental activity which will not cause a direct or indirect physical change in the environment, and therefore, no environmental review is required. The Council finds that the adoption of this resolution changing water rates to meet operating expenses, purchase supplies and materials, meet financial reserve needs and obtain funds for capital improvements necessary to maintain service is not subject to the California Environmental Quality Act (CEQA), pursuant to California Public Resources Code Sec. 21080(b)(8) and Title 14 of the California Code of Regulations Sec. 15273(a). After reviewing the staff report and all attachments presented to Council, the Council incorporates these documents herein and finds that sufficient evidence has been presented setting forth with specificity the basis for this claim of CEQA exemption.
