TERMS AND CONDITIONS OF PURCHASE

(1) Hazardous Waste:

Seller shall take-back all spent or otherwise discarded hazardous products sold to the City by the Seller if the spent or discarded products are classified as hazardous or universal wastes by State or Federal regulations. Seller shall provide convenient collection and recycling services (or disposal services if recycling technology is unavailable) for all universal wastes, which originate from the Vendor. Hazardous waste manifests or bills of lading must be provided to City staff upon request. Recycling and reuse of hazardous wastes must occur within the United States. Universal waste lists and information are available www.dtsc.ca.gov/HazardousWaste/UniversalWaste/. A hazardous waste list is available at <http://www.calrecycle.ca.gov/LEA/Training/wasteclass/yes.htm>. Additional information can be obtained by contacting the City of Palo Alto Hazardous Waste Department at (650) 496-6980.

(2) Zero Waste and Pollution Prevention:

Per Palo Alto City Council policy, the City is targeting to achieve Zero Waste by 2021. To that end the vendor, manufacturer and or contractor must individually or collaboratively comply with the waste reduction, reuse and recycling requirements of the City's Zero Waste and Pollution Prevention Programs. Seller acknowledges and agrees that if Seller fails to fully and satisfactorily comply with these requirements, the City will suffer, as a result of Seller's failure, substantial damages which are both extremely difficult and impracticable to ascertain. Therefore, the Seller agrees that in addition to all other damages to which the City may be entitled, in the event Seller fails to comply with the below requirements Seller shall pay City as liquidated damages the amounts specified below. The liquidated damage amount is not a penalty but considered to be a reasonable estimate of the amount of damages City will suffer as a result of such non-compliance.

If any portion is received that does not meet this requirement, liquidated damages of \$235 or a minimum of \$50 if the combined product and shipping cost is \$235 or less will be assessed by City for failure to adhere to this requirement.
- Expanded foam plastics (e.g., foam or cushion blocks, trays, packing 'peanuts'), such as but not limited to polystyrene (aka Styrofoam[tm]), polypropylene, or polyurethane shall not be used as primary, secondary or tertiary/shipping packaging with the following exceptions:
 - o Primary packaging made from these materials may be used if the vendor, manufacturer, contractor individually or collaboratively does one of the following:
 - (a) takes the material back at the City's convenience and at no cost to the City, or
 - (b) pays the City of Palo Alto's disposal costs via payment of liquidated damages of \$235, or a minimum of \$50 if the combined product and shipping cost is \$235 or less.
 - o Bioplastics that meet ASTM D6400 standards for compostability may be accepted with approval from the City's Environmental Services Division subject to local municipal compost facility requirements.
 - o If approved by the City's Environmental Services Division, a packaging requirement may be waived if no other viable packaging alternative exists.

- Reusable/returnable pallets shall be used and taken back by the Seller, at no additional cost to the City. Seller shall provide documentation upon request ensuring reuse of pallets and/or recycling of broken pallets. Liquidated damages of \$262 or a minimum of \$50 if the combined product and shipping cost is \$262 or less will be assessed by City for failure to adhere to this requirement.

(3) Energy and Water Efficiency:

Seller shall provide products with an ENERGY STAR, Water Sense or State of California standard rating, whichever is more efficient, when ratings exist for those products.
